

## Emergency Medical Services

Our Emergency Medical Technician program is designed to provide initial and on-going training in emergency medical care for EMS providers. Students may earn initial or refresher certificates as an **EMT Basic**, **EMT Intermediate**, **Emergency Medical Responder**, or **Wilderness First Responder**. Students who successfully complete the EMT Basic or EMT Intermediate training will be prepared to take the National Registry Certification exam. The EMT Basic and Intermediate training follows the most current Department of Transportation curriculum.

EMTs work under the direction of a physician to provide sick or injured individuals with emergency treatment and transport to a medical facility. EMTs are employed or volunteer with fire departments, hospitals, ambulance services, search and rescue, and ski patrols. Emotional stability, good dexterity, agility, physical coordination, the ability to lift and carry heavy loads, good eyesight, accurate color vision, and good math, reading, and writing skills are all important qualities for a successful career in emergency medical services.

Emergency Medical Services training prepares students for a variety of career opportunities including:

Occupation	Entry Level Wages	Projected Annual Growth
EMTs and Paramedics	\$18,522.00	2.6% 
Fire Fighters	\$25,462.00	2.10%
Lifeguards, Ski Patrol, & Other Recreational Professionals	\$19,032.00	2.28%
Police, Fire, and Ambulance Dispatchers	\$34,223.00	1.02%

Southwestern Colorado Data from Colorado Department of Labor and Employment Occupational Employment Statistics Survey 2016.  Bright employment outlook nationally.
