DELTA-MONTROSE TECHNICAL COLLEGE
SECONDARY COURSE DESCRIPTIONS

Application Process: Students must complete a secondary application and have approval from their high school counselor in order to enroll into secondary programs. (Applications are available from the high school counselor). A limited number of slots are available for each school in the various programs. Some programs require students to pay for tuition, books, fees, and a kit. Payment must be arranged with the business office at the Delta-Montrose Technical College once the student is approved for enrollment. DMTC classes are available to juniors and seniors only. The parent/student agrees to reimburse the school district for tuition expenses within 30 days of grade verification if the student drops the course, fails to successfully complete (C or better) the course in that current semester or ceases attending DMTC for a prolonged period of time. (NOTE: The State Board of Cosmetology also requires a valid social security number in order to take the state exam. A full course catalog and descriptions are available at www.dmtc.edu

Prices do not include tax. Call the bookstore at DMTC for price at time of purchase.) It is the responsibility of the student to purchase the book(s). DMTC DOES NOT ACCEPT PAYMENTS. Books are needed on the first day of class._

The Automotive Technician program provides students with the basic skills needed for entry into the automotive servicing and repair industry. The program gives students an overview of general automotive service and repair, with a focus on four specific areas. The Auto-Intermediate certificate focuses on training in Engine Performance and Brakes.

**Nurse Aide Training**  
11th & 12th  
1 Semester Class – Offered both semesters  

_Student Cost: Approximately $96.74 for book(s), and $18 for background check. (Prices are current as of 1/25/12 and are subject to change if supply costs increase. Prices do not include tax. Call the bookstore at DMTC for price at time of purchase.) It is the responsibility of the student to purchase the book(s). DMTC DOES NOT ACCEPT PAYMENTS. Books are needed on the first day of class. Students must complete a two-step TB test and be current on immunizations. It is the responsibility of the student to make arrangements for purchase of the book(s), payment for the background check, and complete the TB test and immunizations prior to starting school._

Students are trained to perform fundamental skills of the nurse aide (as defined in the Colorado Nurse Aide Practice Act) and earn a CPR Card (cardiopulmonary resuscitation). Basic nursing, communication, restorative services, personal care, safety and emergency care issues (including knowledge and/or principles of asepsis, OSHA and HIPPA regulations) ethical behaviors, cultural sensitivity, principles of mental health, patient and resident rights, and the expanding field of Home Health Nursing are all covered.

*This is a postsecondary certificate program. Students must complete a concurrent enrollment application and be approved for concurrent enrollment by their home school in order to be accepted for enrollment.

*This course is a prerequisite for the Delta Montrose Nursing program. *Students who want to pursue a Practical Nursing Certificate at the Delta Montrose Technical College will also need to complete the following prerequisites: Dietary Nutrition, Basic Anatomy and Physiology, college English class, and pass the TABE test. *A student could complete all the prerequisites by the end of their senior year and then go into the practical nursing program after high school. This class could be counted towards concurrent enrollment so the credits would go towards the ASCENT program.

**Delta-Montrose Technical College** will accept students in some post-secondary classes if approved by local school district and DMTC’s registrar’s office. Please contact DMTC for details. Programs include: Business, Computer Information Technology, Early Childhood Professions, Emergency Medical Services, Welding, Adult Nurse Assistant (CNA), and Massage Therapy. For concurrent enrollment courses, the students pay the tuition and fees themselves at $70 per credit and the district will reimburse to the parent/student the amount of tuition only, within 30 days of grade verification if the student satisfactorily completes the course with a “C” or better.
